

EXPERIMENT 3

3. Create a simple cloud software application for Property Buying & Rental process (In Chennai city) using any Cloud Service Provider to demonstrate SaaS.

AIM:

To create a simple **Property Buying & Rental System for Chennai City** using **Zoho Creator** and demonstrate the **Software as a Service (SaaS)** model through a cloud-based application.

PROCEDURE:

- Sign in to **Zoho Creator**.
- Create a new application named **Property Buying & Rental System**.
- Create the **Property Details** form and add property information.
- Create the **Customer Registration** form to store customer details.
- Create the **Property Booking** form and connect it with the Property Details and Customer Registration forms using Lookup fields.
- Save the forms and enter sample data.
- Publish the application and access it through a web browser to demonstrate SaaS.

SNAP CHAT:

The screenshot shows a web application interface for a 'Property Buying & Rental System'. On the left is a dark sidebar with a menu containing: 'Property Details Form', 'Customer Registration Form' (highlighted), 'Customer Registration Form Report', and 'Property Booking Form'. The main area is titled 'Customer Registration Form' and contains the following fields: 'Customer ID' (234), 'Customer Name' (Pradeepa Subramaniyan, split into First Name and Last Name), 'Email' (spradee242@gmail.com), 'Phone' (+91 9361226108), and 'Address' (1/7 Middle Street, Sengipatti, Thanjavur, Tamil Nadu, 650789, India). A 'Submit' button is at the bottom right. The browser address bar shows a Zoho Creator URL.

Property Buying & Rental System

Customer Registration Form

Customer ID: 234

Customer Name: Pradeepa Subramaniyan (First Name: Pradeepa, Last Name: Subramaniyan)

Email: spradee242@gmail.com

Phone: +91 9361226108

Address: 1/7 Middle Street, Sengipatti, Thanjavur, Tamil Nadu, 650789, India

Submit

https://creatorapp.zoho.in/spradee242/property-buying-rental-system/#Cus...

The screenshot shows the 'Customer Registration Form Report' section of the application. It features a table with columns for Customer ID, Customer Name, Email, Phone, and Address. A single record is displayed, matching the data from the registration form. The sidebar menu is the same as in the previous screenshot, with 'Customer Registration Form Report' highlighted.

Property Buying & Rental System

Customer Registration Form Report

Customer ID	Customer Name	Email	Phone	Address
234	Pradeepa Subramaniyan	spradee242@gmail.com	+919361226108	1/7 Middle Street, Sengipatti, Thanjavur, Tamil Nadu, 650789, India

RESULT:

A cloud-based **Property Buying & Rental System** for Chennai City was successfully created using **Zoho Creator**. The application was hosted on the cloud and could be accessed through a web browser, demonstrating the **Software as a Service (SaaS)** model.
